

# THE STAIRWAY FROM EARTH TO HEAVEN

The Ancient Sacred Texts: Why the writings of the Prophets, Saints, Mystics, Sages and Ascetics matter – The journey of the human soul from darkness to light through Out-of-Body Travel and the keys left to us by those who have previously ascended this realm.

Marilynn will be discussing the soul's evolution into God's Many Mansions through Mystical Training and Out-of-Body Travel into the Heavenly, Purgatorial and Hellish Realms with the goal of absolute purification of all defects, cravings, desires, fetters and attachments which prevent the unification of the soul with Almighty God, the sole purpose of human existence.

During this workshop you will take a hypnotic journey to the Pure Lands where the great Masters reside. All who reside here are servants of the One Mighty God, and they work together for the Redemption of the lower worlds. Traveling with an appointed teacher, you will be taken to a personal sacred space. There you will meet your own personal Master who has vibration for you. Energetically, this will be imprinted upon you so that you may return in the future in your thoughts, walks, meditations, prayers, dreams, out of body travels, hypnosis and other consciousness journeys in the future.
