Instructions

- 1.) Follow the Video's in Sequence at <https://outofbodytravel.org/course-of-study.html>
- 2.) Supplement your Viewing with the Mystical Theology Reading Materials Provided Below
- 3.) Add Additional Viewing as Shown on this Resource
- 4.) Incorporate Books by the Author throughout the Process
- 5.) Always Keep in Mind the 'Bigger Picture' which will be Outlined Below

Reading Material Instructions

Begin with the following, but start with the three books which are highlighted in purple and then add books as you are ready to do so. All of my books have been programmed with certain frequencies which will aid you in achieving out-of-body travel, but these three are the most so for the beginner. Remember, you will also want to be reading from the Mystical Theology list (in order, as well) at the same time, so pace yourself according to your own comfort level. But only read one Mystical Theology text at a time beginning with **'The Spiritual Life: A Treatise on Ascetical and Mystical Theology'**, by Fr. Adolphe Tanquerrey.

<https://outofbodytravel.org/out-of-body-books.html>

- 1.) From How to Books - **'Come to Wisdom's Door: How to Have an Out-of-Body Experience'** Then follow the sequence in this category of books as they are laid out online.
- 2.) From the Mysteries of the Redemption Series - **'The Mysteries of the Redemption: A Treatise on Out-of-Body Travel and Mysticism'** Then follow the sequence in this category of books as they are laid out online. When finished with these sequences, move forward to **'The Mystical Captive Series'**, **'The Solitary Series'**, and the **'Michael Jackson: Afterlife Experiences'** series in that order. If any of the subjects listed under **'The Mystic Knowledge Series'** hold particular interest for you, feel free to add them, as well. If not, the prior sequence will be fine. When finished with all of these, you will be wanting to add from the **'Redemption'** Series, beginning with **'The Limb of the Redemption.'**
- 3.) From World Religion Books - **'Near Death and Out-of-Body Experiences: Of the Prophets, Saints, Mystics and Sages in World Religions.'** Then follow the sequence in this category of books as they are laid out online but view **'The Voice of the Prophets: Wisdom of the Ages'** as a reference series that may not necessarily be read from cover to cover, but can be utilized throughout your study to do further research on religious subjects brought up in the online courses.

4.) From the Overview Series - **'The Oral Transmissions of the 52 Soto Zen Ancestors'** Then follow the sequence in this category of books as they are laid out online.

5.) From Autobiography Books - **'The Aspen: Which Grows Upon the Snow-capped Mountain'**

6.) From Children's Books - **'The Mystery of the Key to Heaven'**

Musical Material Instructions

<https://outofbodytravel.org/out-of-body-music-art.html>

I would ask that you begin using **'The Frequency of Otara'** CD for meditation right away, and then incorporate others within the meditation tapes section into your routine. 'The Out-of-Body Travel Foundation Hymnal on Five CD's' should also be incorporated into your practice, but these materials can be used as you are doing things throughout your day. All of my music has been programmed with certain frequencies which will aid you in achieving out-of-body travel.

Please also view the video showing the **Paintings** which also contain the same type of programming which is intended to assist in the viewer achieving out-of-body travel states. Feel free to view it as many times as you may feel so led to do so.

Instructions on How to Use this Additional Resource along with your Class Viewing on the Website

<https://outofbodytravel.org/course-of-study.html>

First of all, I suggest you go ahead and order your free rosary from the resource listed here and then go through the recommended channels and organizations. Incorporate their material or your viewing of EWTN or other channels with your video viewing online. Prayer and meditation need to become a regular part of your life now, and I'd ask that you incorporate these things as they are introduced to you in the following sequences.

The course is set out in the following manner:

You'll begin by being introduced to the idea of consciousness studies and mystical as a unity, and given instruction on the Catholic Teaching regarding the deeper spiritual life. Make sure as you go through the site, you make sure to watch the playlists in their entirety. Then you will embark upon a series of programs explaining the Mysteries of Catholicism which will introduce you to the sacraments, practices and other vital tools in the out-of-body travel journey. As you move through these episodes, please also take in the videos listed in this resource under **'About Catholicism'** and **'Great Preachers.'** Catholicism is the faith with the most broad study of mystical theology in the world, and thus, contains a great deal of treasure from which we must glean. This is when you will access from our reading list **'Mystical Theology'** (in sequence) and

also from **'Non-Canonical Texts'**. Then you will embark upon learning more about all the world religions, and as you are doing this, I'd like you to also access the **'Moral Teachings in World Religions'**, **'Mythology'** and **'World Religion'** links provided in this resource. You will find that you are taken back and forth into ancient sacred texts, religion, the mysteries and then forward into the future into alien contact, science, quantum hologram theories, etc. This is intentional, because the goal here is for you to realize and find the unity in these paths. The Path of Purification, which every soul must follow in our mortal realm, becomes only more relevant as we move into the space and disclosure ages. Because the higher level extraterrestrial societies exist upon a highly advanced level of moral and ethical development, we find that these things which are old, remain as relevant today as they did when they were written. Whereas, when you find yourself listening to the mystical and out-of-body experiences of both the great saints in history in contrast to scientists and modern day mystics – they are a unity. So your job is to bring these things together in your own mind, and in your practice. They are not to be viewed as separate entities. As you progress along this path, I would ask you to read **'The Science of Moral Law'** written by Marilynn Hughes and Dr. Rudy Schild which is available to download on the book page, as well. You will be introduced to near death experiences, out of body experiences, reincarnation, remote viewing and much more, but also to knowledge regarding the extraterrestrials, quantum hologram theories and science. I'd ask that before you begin taking the class offered by Fr. Timothy Gallagher on the Divine Office, that you have read **'The Primordial Seed,'** (By Marilynn Hughes). You will take a course from Dr. Steven Greer on accessing contact of the fifth kind and subsequently visit the life of St. Padre Pio alongside the remarkable experiences of Dr. Edgar Mitchell, an Apollo Astronaut, sixth man to walk on the moon. And again, you will discover the **unity** of these paths. Along the journey, you will also be introduced to various spiritual practices from Catholic Prayer to Binaural Beats to the Sacred Chant of the varying religions. Because these things carry much power, I would wish that when you reach your first video on these ancient chants, that you add the videos listed here under **'Sacred Chant and Recitation'** and **'Daily Catholic Prayer'** and when you start learning about the science behind consciousness, also take in the videos listed here under **'Science and Research.'** Near the end of your study, you will also take in a video which is a reading of the first section of the Urantia Book, which remains vital as I was shown in mystical experience that this portion of the text explains in great depth the hierarchy of angels and is a very holy and necessary text for those seeking the out-of-body travel journey. Please listen to it in its entirety, as well. As you reach the end of your Course of Study, it is my hope that you will feel that you have achieved a certain gnosis or knowledge that accesses a higher level of understanding, and that you will likely be well on your way into the mystical and out-of-body travel states and moving rapidly.

Most of all, allow yourself to enjoy the process and the journey.
